#### **Tips to Clear CDS Exam**

##### **Know the syllabus first**

Applicants who are very good in general Mathematics, English as well as GK, particularly the freshers, never look at and study the syllabus of the CDS exam. For all time study the syllabus of the examination because that will assist you to understand what they might ask in the CDS examination paper. After you scan the whole CDS exam syllabus, make sure you are filtering out topics where you do not need any preparation and you are 100% sure of clearing it, topics which you are not 100% confident are the ones you want to prepare to clear the CDS examination. Weed out the topics on which you have zero knowledge as well as keep them for last.

So here the basic thought is to prepare as many as topics you can with 100% confidence, even if you missed out on 10% of the topics from Maths, English and GK it won't affect you that much. To have a better understanding of these topics, refer to the CDS examination questions blueprint.

##### **Refer to previous question papers of the CDS examination**

This method of preparation is followed by many winning candidates for many years. So always solve 10-15 previous question papers and find out where you are lacking, focus on topics which you are sure about and you will succeed without any uncertainty.

##### **Consider a variety of preparation sources**

These may be books, e-books, online preparation, online groups, blogs etc. This will make your preparation rock solid and you will also discover things which you are not aware of while preparing with a single source, if you are preparing for CDS Course, we never stop you from referring to other sources, the more you study, the more you gain. So extend your horizon to discover more things related to CDS examination preparation, you never know what benefit you will get by preparing with all other sources.

Start well in advance and make a plan as to how you are going to prepare for the CDS examination, stick to your plan till the conclusion. Most of the candidates who are good enough to clear the CDS examination never understand the significance of time, at the last minute they miss out on the revision of significant topics, which leads to sure-shot failure. So always try to kick start your CDS examination preparation as soon as you can.
